

## **Fast Track Management Program (FTMP)**

At AkzoNobel, we believe we can only grow our business as fast as we can grow our people.

Therefore, we've created the Fast Track Management Program (FTMP), a globally managed program for high-potentials focused on building leadership capability and providing breadth of experience over an intensive, two-year period.

You'll experience:

- Three placements, including at least one that takes you abroad
- Challenging assignments with real responsibility across a variety of businesses, locations and functions (e.g., Marketing, Supply Chain, Finance)
- Comprehensive on-the-job training and support from a senior business mentor
- A dedicated class Training & Development curriculum, alongside fellow Fast Track Program peers.

### **Do you have what it takes?**

The FTMP is not for everyone – to be selected you need to be an outstanding achiever with senior leadership potential. You must be ready to take on challenging assignments around the globe, and keen to take full advantage of the training, development and mentoring opportunities that will help take your career to the next level.

This program is designed for early-career professionals, with a Master's degree and 3-5 years of work experience. If you're talented and ambitious, looking to step up your career and develop your leadership potential in a challenging international environment, you might be just who we're looking for.

### **Show us what you can do!**

Visit our website and apply for FTMP at: <http://www.dmrh.com.br/akzonobel-FTMP>

Best Regards,

The AkzoNobel FTMP team and DMRH
