Finding solutions.
With You.

Your road to the future starts here. With us. CAReer – The Top Talent Program.

We approach new ideas with plenty of energy. Quite literally! Daimler is the only automobile manufacturer that has already integrated lithium-ion batteries fit for series production in hybrid vehicles. It's not just new drive concepts that bring us forward. Our employees are also shaping the future of mobility in areas such as Logistics, Manufacturing, Sales, Procurement, and Information Technology. If you like to be part of our global team and find with us solutions for tomorrow, then we offer you the best start to your professional life: CAReer – our trainee program for those eager to achieve more.
