

Trainee Program TUBEX GmbH – Mechanic Engineer Management

For more than 60 years TUBEX is one of the leading manufacturers in the packaging industry. TUBEX is the packaging specialist for aluminium aerosol cans, aluminium tubes, aluminium cartridges and plastic tubes for the cosmetics, pharmaceutical, food and technical industry. With two plants in Germany, one in Austria, Slovakia, Russia, China and Brazil TUBEX has a global capacity of 620 mio. cans, 200 mio. plastic tubes and more than one billion aluminium tubes. Over 1200 people are working at those 7 production sites.

TUBEX is part of a big privately owned internationally operating group.

With top clients as: Beiersdorf, P&G, L'Oréal, Unilever and Natura, TUBEX develops high quality products and is one of the top global leading companies in the packaging industry.

Join our team on your next step to an international business career. The program will last from 12-24 months. Your time will be equally divided between Germany and Brazil during the trainee program.

During your trainee program you will develop along with our team exciting projects focusing on one of the fastest growing markets: Brazil, South America!

Requirements:

- Good English and Portuguese language skills, both written and spoken. German skills will be a plus
- Bachelor's degree in Mechanic Engineer
- Initiative, cross- cultural competence, diplomacy, a high level of interpersonal skill and a friendly and helpful attitude
- The ideal candidate has a strong 'getting things done' attitude, is committed, flexible, independent and a good team player.

Program starts: July and August 2015
